

WINTER Letters

Ages 1 year—2 years

Objective: The child builds language awareness and literacy skills by pulling letters off the wall.

Materials needed:

Sticky Notes

Black Marker

Procedures

1. Sit with your child on the floor for this activity. Pre-write out the letters in the word WINTER. One letter written on each sticky note of its own using the black marker.
2. Put them up on the wall, low for your child to grab and reach, and as you stick them up on the wall say the letter to your child.
3. Once all of the letters have been said and stuck up for your child to see, encourage them to grab at them and pull them down. As they pull them down one at a time, say that letter to your child again as they reach for it.

WINTER Letters

Ages 1 year—2 years

Milestones to meet:

The child builds literacy skills and early language awareness by seeing and hearing letters. The child uses fine-motor skills and hand-eye coordination to pull letters on paper they see down off the wall.

Evaluation:

Did this lesson work for your child? Why or why not?
