

Learning Colors

Ages 2 years—3 years

Objective: The child can recognize colors through visual cues and coloring same matches.

Materials needed:

Learning Colors (printable)

Crayons or Markers

Procedures:

1. One at a time, show your child the color ovals and say the name of the color. Ask child to repeat it after you; I.e. "Can you say red?"
2. Go through all color ovals until all are said and shown.
3. Now have your child sit at a table and point to each letter in each color word, spelling out the color word together. Repeat the colors name again. Have child repeat after you.
4. Now let them color in the blank boxes the same color as it is. Such as, using a green crayon to color in the box labeled green. Ask child: "Can you color the box with the green crayon?"

Learning Colors

Ages 2 years—3 years

4. Extension Activity: Go on a color hunt around the house, finding matching objects that are the same color shown on the color ovals.

Milestones to meet:

The child begins to recognizes their colors. The child can match same colors together. The child can repeat saying color words they see.

Evaluation:

Did this lesson work for your child? Why or why not?
