

Labels Everywhere

1 year to 2 years

Objective: The child builds early language skills by looking at objects and tries to repeat the words associated with them.

Materials needed:

Everyday Labels (printable)

Procedures:

1. Cut out all labels individually. Tape up on the appropriate place in/around your house.
2. With your child following you, go on a word hunt around the house.
3. Point to the word label of the object and say it to your child. Point to each letter, spelling it out, then saying the word again. Ask them to repeat the word after you. ("Can you say ____?")
4. Do this same way of teaching word labels with your child until all have been gone through.
5. Keep these word labels up around your house so your child can build knowledge and language in a print-rich environment. Re-visit to teach consistently for further understanding.

Labels Everywhere

1 year to 2 years

Milestones to meet:

The child builds early language development by seeing words that symbolize specific objects or things around the house. The child shows willingness to repeat a word after heard.

Evaluation:

Did this lesson work for your child? Why or why not?
