

Sea Shells

1 year—2 years

Objective: The child will learn literacy through the letters A, B, and C and will learn how to match.

Materials needed:

Sea Shell Letters (printable)

Procedures:

1. Cut out all of the sea shells out individually.
2. Go through all of the ABC cards with your child, saying each letter while showing them. Ask child to "repeat" saying letter after you.
3. Tape up on a low wall or window to show and teach to child.
4. Now show child how you can match the same letters by showing them both of the same letters (A and A) at the same time, saying the letter and the letter sound to your child. Do for B and C too. Have child say letters with you.
5. After they are all taped on the wall, count

Sea Shells

1 year—2 years

the sea shells to your child, 1-6. Encourage child to count with you.

6. Say the letters again while pointing to show and teach child for a last time. Teach how to match the same letters (A and A) to child on the floor.

Milestones to meet:

The child can learn language through A B and C.

The child tries to imitate counting up to the number 6. The child begins to learn the concept of matching and/or "same." The child tries to repeat letters after hearing them.

Evaluation:

Did this lesson work for your child? Why or why not?
