

Paper Plate Turkey

Cut each of these feathers out.

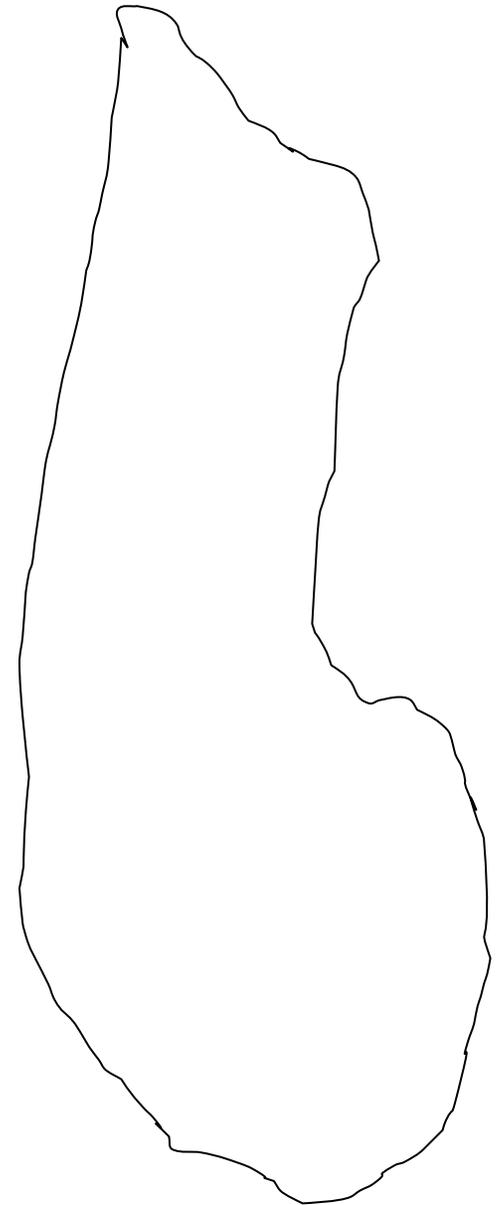

Use these feathers to glue on a paper plate around the outside edge of the top. Have the child glue the face pieces (or parent does for child) to the middle of the plate. Have child color their turkey. Glue it to the end of a large, fat popsicle stick making a paper plate turkey puppet! Sing this song with your child:

“A Turkey is a funny bird,
His head goes wobble, wobble.
And he knows just one word,
Gobble, gobble, gobble.”

Eyes

Gobbler

Beak/Mouth
